Ma'am:

Greetings of Peace!

We, the Araling Panlipunan teachers from the Division of Angeles City, commit to serve our learners until they realize their fullest potentials. We would like our students to acquire 21<sup>st</sup> century skills that will enable them to cope with the different challenges in life in the near future. However, in order to achieve this, we, as teachers, recognize the need for us to also be equipped with pedagogical knowledge and up-to-date teaching and learning practices that will help us cater to our learners' needs.

With this, we would like to seek assistance from your good office in the form of free seminar-workshops related to the teaching and learning process or other topics that may help us to improve the performance of our students. We believe that the Holy Angel University community is known and committed to build partnerships and provide assistance to those in need such as public schools where financial aspects fall short.

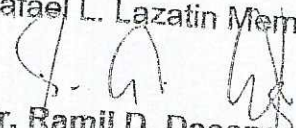

We hope that our request will result to a favorable response. In case, you may communicate with us through this mobile number, 09253581299. Thank you in advance, more power and God speed!
