Dear Sir/Madam:

Greetings of Peace!

As you may already know, there are many students enrolled in regular schools who are very smart but may have some problems with behavior and/or difficulties in reading, writing or arithmetic. The programs of RRA Reading Clinic of Teacher Red were designed to support these students with learning disabilities while they are enrolled in the mainstream schools. Students with Attention Deficit Hyperactivity Disorder, Autism Spectrum Disorder and Intellectual Disabilities have also been referred to our clinic. At present, RRA of Teacher Red is being offered by Crownvale Schools in San Fernando and Angeles Pampanga. Teacher Red also has branches in Cainta, Davao City, Koronadal City, and Bacolod City. Please visit our facebook pages (Crownvale School and Teacher Red Educational Therapy Services) to learn more about our programs and services.

We are writing to you because we would like to ask for your help in spreading the word about our upcoming lecture-workshop this November. We would appreciate it if you, your staff or your representative could come to the talk but more importantly, we would appreciate it if you can invite parents, teachers, guidance counselors and principals whom you know may benefit from this talk which will be given by a renowned expert in the field of Reading Education.

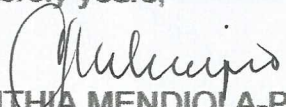

RRA Reading Clinic founder, Dr. Rachel Red-Amparo is a graduate of the University of the Philippines-Diliman and has advanced degrees in Reading Education and Educational Management. Having attended international trainings on numerous topics including Slingerland approach, Orton-Gillingham approach, Behavior Management, Multiple Intelligence, Early Childhood and Special Education, Dr. Amparo has a lot of ideas and experiences to share with parents and professionals.

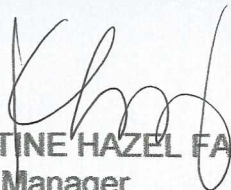

The seminar/workshop is entitled "Let's Focus on Students with Learning Difficulties in the Regular Classroom" and will be held on November 11, 2017, Saturday, from 8:30 a.m. to 12:00 n.n. at Room 201, Saint Therese of Lisieux Bldg.
