Dear Ma'am:

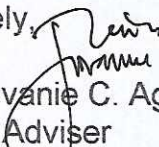

As we are one of the schools who ensures a productive future and to make every Filipino youth globally competitive by equipping them with quality education and intense training as preparation for their professional career for the students, we firmly believe that Career Guidance Seminar is significant to be executed by various schools for it helps the students have a knowledge about the different specializations which aims to guide Grade 10 and 12 students/SHS entrants in making informed decisions regarding their choice of Senior High School track and College Course.

In view of this, we would like to seek your approval in conducting a meaningful and informative Career Guidance Seminar to private and public schools within Angeles City. This free seminar aims to help students understand the importance of career planning and make an educated decision on which specialization is best suited for them to take during their Senior High School.

Should you have any queries about our request, please do not hesitate to call the undersigned at telephone number **0916-1093-699 / 625-7667** or email us at [joel.coronel@sanfernando.sti.edu](mailto:joel.coronel@sanfernando.sti.edu). We would be most pleased to hear from you.

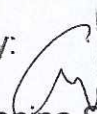

Your approval will be highly appreciated.

Sincerely,

Mr. Giovannie C. Aguilar
