Greetings of peace!

Dear DR. TORNO :

Greetings of peace!

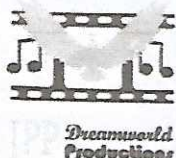

With our mission to support and develop the young generations for new cinematic works of artistic merit that help enhance human experience. Joyce Peñas Pilarsky, offers film viewing to different schools all over the Philippines, and in celebration of World Teachers Day we offer the movie titled: "NEW GENERATION HEROES." Its objective is to center around "acknowledging, evaluating and enhancing the instructors of the world" and to give a chance to consider the issues identified with educators and the teaching process in general.

This movie is aligned to the Filipino values, ASEAN Integration and gender sensitivity that will be appropriate for Higher Education new curriculum and for uplifting the Sustainable Goals 2020.

The story depicts teachers as truly "heroes in the classroom." But too often they are unseen and unsung heroes. That's why the production is delighted to introduce you to this beautiful movie, a visual and verbal celebration of people who are doing some of the most important work on the planet: helping to educate and raise up the next generation- teachers: "The New Generation Heroes". While most of us look up to movie stars, pop icons, and even fictional superheroes, we fail to realize that those most deserving of our admiration are the teachers who go about doing the most noble profession. Surely at one point, teachers have had a profound and lasting effect in each of our lives. In this movie the qualities that make teachers most endearing shows generosity, compassion, dedication, peace loving, creative, forgiving, trustworthy, patient, and inspiring. According to a popular quote, "A teacher affects eternity because he doesn't know where his influence ends". Students continue to be inspired by their teachers even after having graduated from school. Teacher: A new star of the unsung heroes- now considered "New Generation Heroes."
