SYSTEMS PLUS COLLEGE FOUNDATION  
COLLEGE OF COMPUTING AND INFORMATION SCIENCES  
INFORMATION AND COMMUNICATIONS TECHNOLOGY DEVELOPMENT UNIT

October 2, 2018

Ms. Leilani S. Cunanan, CESO VI  
Schools Division Superintendent  
Division of City Schools, Angeles City

Dear Madam:

Greetings from Systems Plus College Foundation (SPCF) - College of Computing and Information Sciences (CCIS)!

We are pleased to inform you that CCIS in coordination with its ICT Development Unit is pioneering its partnership program with senior high schools in the city of Angeles.

This project aims to provide technological assistance to its prospect partner schools with a school website, a virtual place where members of the school community meet. The objective of this project is to introduce the usage of ICT in the modern school environment similar to most colleges and universities that have their own website.

It is in this regard that we would like to seek endorsement from your good office for the success of this undertaking. Your usual support will be of great help in the accomplishment of the organization's goals as well as in the uplifting of the ICT education within the region.

Thank you very much and hoping for your positive response.

Sincerely,

Mr. Jan Brylle F. Nicdao  
Head, ICT Development Unit

Dr. Roy D. Dayrit  
Dean, College of Computing and Information Sciences
