OIC-Regional Director
Department of Education – Region 3
San Fernando, Pampanga

Dear Sir/Ma'am,

Greetings from the Science Clubbing Movement!

The **Pambansang Kapisanan ng mga Kabataan Samahan ng Agham (Philippine Society of Youth Science Clubs) Inc.** or **PSYSC** is the first and largest science club umbrella organization in the Philippines. For 47 years, PSYSC remains to be the frontrunner of the Science Clubbing Movement in the country catering to elementary and secondary science clubbers and science club advisers. With this, PSYSC continues to develop a community geared towards scientific learning and innovation, while also emphasizing the roles of science clubs in nation-building and in promoting the thrust of the organization - the Public Understanding of Science, Technology, and Environment (PUSTE).

This year, PSYSC will be conducting the **2018 National Children's Science Interactive Workshop (NCSIW)**. The event will be held at **Batis Aramin Resort and Hotel in Lucban, Quezon** on **December 16-19, 2018**. NCSIW is a four-day activity for all elementary science club members and advisers from across the country. This event is one great opportunity for the participants to appreciate science, technology, and environment as they engage in different activities like lectures, workshops, educational trip, and different contests.

NCSIW 2018 will focus on fundamental concepts and breakthroughs in the field of **BOTANY**, the study of plant life, its structure and functions, and its relationship with humans and the environment. As an agricultural country, it is about time that we let the youth appreciate and learn more about this branch of science and hopefully inspire them to partake in its development. Hence, we would like to seek your provision by helping us in **disseminating this information through advisories and endorsements to schools in your region**. We have attached the materials needed for your reference.

We are hoping for your positive response. Should you have any questions, please do not hesitate to contact us through the contact information included in this letter and look for **Ms. Rosalinda Aber** (PSYSC Administrative Officer) or email us at psysc.ncsiw2018@gmail.com. Please allow us to follow up on this matter.

Thank you very much and more power!

In the service of the Filipino Youth,

LOUIS ANDRIAN ANINIPOT
Director
NCSIW 2018
