Dear Dr. Capulong:

To assist our incoming freshmen students make a successful transition from high school to college this coming academic year 2018-2019, Holy Angel University (HAU) will implement a First Year Experience (FYE) Program by offering Big History Courses.

Incoming freshmen will spend their first year in college exploring the origins and evolution of the universe in an interactive, interdisciplinary and transdisciplinary approach. Throughout the year, students will gain a greater understanding of the interconnectedness of diverse disciplines such as biology, ecology, geology, literature, economics, political science, sociology, philosophy and theology to understand our collective past and possible futures.

Further to this accord, HAU's FYE program was developed with the technical assistance of the Dominican University of California and funded by the Commission of Higher Education (CHED) under its Institutional Development and Innovation Grant (IDIG).

With this, we wish to seek for your endorsement in inviting school administrators, teachers and students to attend the Big History launching on March 14, 2018, Wednesday, 9:00am-12:00noon at the Holy Angel University Theater, Angeles City.

The launching aims to acquaint the community on Big History concepts. Further, it also seeks to forge intellectual discourse in offering the course.
