 Maimpis, City of San Fernando, Pampanga

Dear Director Garma:

Greetings!

The Philippine Statistical Research and Training Institute (PSRTI), as the research and training arm of the Philippine Statistical System (PSS), is currently conducting a project entitled **"A Five-Year Research and Training Program for the Philippine Statistical System (PSS) to Measure the Sustainable Development Goals (SDGs)"**. The main objective of this project is to make the PSS ready to meet the challenges of monitoring the SDGs by providing alternative means to generate disaggregated official statistics using innovative data sources.

For CY 2018-2019, the Institute will conduct series of **Training-seminar on the SDG Concepts, Data holdings, and Indicator Methodologies** for Region III on **March 26, 2018**. The training course will enable the target participants, who are the local government planning officers, regional NEDA representatives, provincial statisticians and senior high school principals, to appreciate, monitor, and use the SDG indicators to help them in their planning, decision-making and information dissemination. For your reference, please find attached program.

In this regard, may we invite the following Senior High School Principals to participate in the said activity:

| No. | Senior High School Principal | School |
