Magandang Araw!

Nais naming ipaalam na magdaraos ang O. B. Montessori Center (*CPD Provider 2018-163*) ng Continuing Professional Development (CPD) na pinamagatang **Sa Panahon ng mga Millennial, Pagtuturo ng Filipino sa Pribadong Paaralan**, sa ika-20 at 21 ng Mayo, 2019. Magaganap ito sa OB Montessori Center, Greenhills Campus, # 3 Eisenhower St. Greenhills, San Juan City.

Isang malaking hamon sa mga nagtuturo ng Filipino ang kasalukuyang panahon. Hindi lang ito usapin sa mga pagbabago sa wika, o lalim at lawak ng pag-unawa. Higit pa, paglulugar ito sa panitikan sa nagbabagong panahon. Sapagkat, ang kabataan ngayon ay nasa gitna ng mabibilis na pagbabago sa teknolohiya at komunikasyon, higit na maraming impluwensya mula sa maraming bansa, at nagbabagong pagtingin sa sarili, komunidad at kaligiran. Sapagkat, panahon ito ngayon ng globalisasyon. Nagiging “borderless” ang mga bansa sa daigdig, at napangingibabawan ng mga makapangyarihang bansa ang ekonomiya, kultura, at lipunang Filipino. Sapagkat, panahon ito ng malakas na papel ng internet at social media na nagiging daluyan din ng panitikan, at nagpapausbong ng bagong lapit sa paglikha ng panitikan. Nasaan ang panitikan sa lahat ng ito? Paano maitatawid ang panitikan sa puso at isip ng kabataan? Usapin ito sa paglikha ng interes o appreciation sa panitikan. Naririyang hamon; sa gayon, ang kumperensyang ito.

Greetings

O.B. Montessori Center (CPD Provider 2018-163) enjoins you to a Continuing Professional Development (CPD) program entitled, **"The Era After Pilosopo Tasyo"** on **May 22 and 23, 2019** at its **Greenhills Campus, #3 Eisenhower Street, Greenhills, San Juan**.

The two-day seminar provides a venue for Basic Education professional teachers of various disciplines not limited to Philosophy to share their experiences in teaching their respective subjects, develop their capacities, and learn from leading experts and institutions in the field of Philosophy. The speakers in the event, all from the Department of Philosophy at the University of the Philippines Diliman, will share their expertise to provide substantive content knowledge, teaching strategies, and proper approaches in applying such skills and attitudes to social realities, in teaching subjects from kindergarten to senior high school students.

Since the ratification of Republic Act (RA) 10533 or the Enhanced Basic Education Act of 2013, Philosophy has been brought down from the collegiate level of education to the Senior High School curriculum as "Introduction to Philosophy of the Human Person" or *"Pambungad sa Pilosopiya ng Tao"* with the ideal of imparting critical and analytical thinking skills to students as they develop a more holistic and refined activity of reflection and personal philosophies in living their lives as social and political beings. With this in mind, OBMC had decided to bring down Philosophy to another level, that is, in the Grade 10 (Junior High School) Curriculum of Social Studies as "Introduction to Philosophy", to provide students with a better preparatory stage for philosophical analysis and for a more refined thought processes as citizens partaking in the progress of our society. In light of these undertakings, we see the great potential in the exchange of best practices and knowledge in Philosophy for the enhancement of thinking skills and dispositions through education.

(PTR-2018-163-3029 : 6 POINTS)

This conference-workshop focuses on increasing the teachers' effectivity by introducing them to Philosophy and Philosophy for Children (P4C). It will show them how to integrate the program into their classroom work, no matter the field or specialization. Teachers need to be educated in the dynamics of Philosophy and Philosophy for Children since they are the primary instruments of acquiring and spreading knowledge and information. Schools also need to adapt the program or discipline, being the societal institutions that influence and rouse its citizens to action.
