

Republic of the Philippines
Department of Education
Region III
Schools Division of Angeles City

Division Advisory No. 1, s. 2023
April 24, 2023

In compliance with DepEd Order (DO) No. 8, s. 2013
This advisory is issued not for endorsement per Department Order (DO) No. 28, s. 2001, but only for information of DepEd officials, personnel/staff, as well as the concerned public.

**COMPREHENSIVE ASTRONOMICAL AND ENVIRONMENTAL AWARENESS
PROGRAM SCHOOL CARAVAN**

To: Assistant Schools Division Superintendent
OIC-Chief ES, Curriculum Implementation Division
Chief ES, School Governance and Operations Division
Heads of Public Elementary and Secondary Schools

1. The Red Concept Events and Production would like to invite students from the elementary and secondary levels of Region 3 to a Comprehensive Astronomical and Environmental Awareness Program School Caravan.
2. With this, the participation of the schools shall be based on the sound decision of the school heads, ensuring the strict observance of DepEd Order No. 66, 2017 on the implementing guidelines on the conduct of off-campus activities; Section 36 of DepEd Order No. 34, s. 2022, on the conduct of co-curricular activities on the eleventh week of each quarter; Item 2.a of DepEd Order No. 033, s. 2023, on the conduct of co-curricular activities after the quarterly examinations to avoid disruption of classes; and strict compliance with the public health standards of the government in light of COVID-19.
3. Attached is Advisory No. 062, s. 2023 for reference and guidance.
4. Wide dissemination of this Advisory is earnestly desired.

RONALDO A. POZON PhD, CESO V
Schools Division Superintendent

FOR : DR. MAY B. ECLAR, CESO III
REGIONAL DIRECTOR
DEPED REGION III

DATE : April 17, 2023

SUBJECT : Permit to Conduct Comprehensive Astronomical and Environmental
Awareness Program School Caravan

Peace and God's Blessing!

We believe in your thrust in providing children with different learning opportunities outside the usual classroom setting. RED CONCEPT EVENTS AND PRODUCTION would like to present a functional Edutainment Program.

We would like to seek for your permission to invite students from both Elementary and Secondary level in different schools of Region 3.

IN-CAMPUS INTERACTIVE SHOW

➤ COMPREHENSIVE ASTRONOMICAL AND ENVIRONMENTAL AWARENESS PROGRAM

The program aims to awaken and mold the bright minds of the participants towards becoming future astronomer, environmentalist and climate change advocates. It provides educational entertainment to help maximize learning potential, provide useful information to students, raise awareness on the effects of climate change and includes the values of sustainability and management of natural resources. The said show includes the following activities:

DIGITAL DOME THEATER – The participants can experience the stunning infinite beauty of the universe through its real time space simulation and celestial navigation.

SCIENCE FAIR ADVENTURE – These displays showcases variety of art exhibits and other amazing works of Art, Astronomical Facts and Breakthroughs, Authentic Displays, Optical Illusion and other gadgets that will exercise the mind while enhancing brain development and other more.

3D FILM VIEWING – The film features the effects of Climate change in water, land, forest, and in Polar Region.

Advisory No. 062, s. 2023
To: All Schools Division Superintendents
For information.
MAY B. ECLAR, PhD, CESO III Regional Director

3D FILM VIEWING

One of the most pressing development issues today in our world is the serious threat of Global Warming caused by numerous factors. JFMS intends to educate participants on fundamental concepts of Climate Change and its impact on our environment in the most entertaining way. The film features the effects of Climate Change in Water, Land, Forest, And in Polar Region.

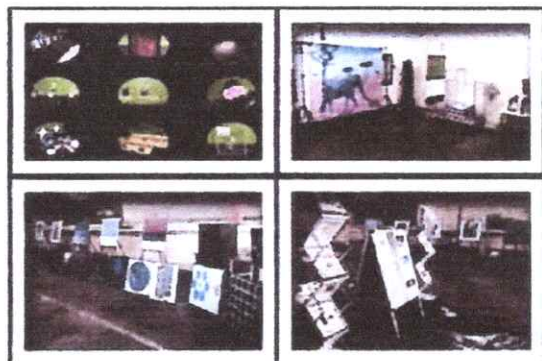

DIGITAL DOME THEATER

Be amazed by one of the most effective teaching approach on Science Education in today's modern times using a large 360 degrees (360°) format theater projection with digital surround sound that highlights an array of countless celestial objects. With this latest system, the participants can experience the stunning infinite beauty of the universe through its real time space simulation and celestial navigation. To make it even more exciting, our highly-trained lecturers will conduct live, interactive discussions and presentations in a fun and enjoyable way. The 360° dome environment provides the audience with a memorable learning experience in the field of Space Science Education.

SCIENCE FAIR ADVENTURE

These displays showcases variety of art exhibits and other amazing works of Art, Astronomical Facts and Breakthroughs, Authentic Space Food Display, Optical Illusions, Fun and Exciting Interactive Gadgets, Magnetism Electricity, Meteorites, Discover Fossils, Learn Trivia, Light Play Motion, and Tinker Puzzles that will exercise the mind while enhancing brain development and other more. The Science Fair Adventure includes detailed information on the itemized topics.
