April 20, 2023

DR. RONALDO A. POZON

Schools Division Superintendent
Department of Education - Division of Angeles City

Greetings from COPE UP!

COPE UP is a non-profit, non-partisan, and non-sectarian mental health organization based at the University of the Philippines Diliman. It is also the premier mental health organization in the university. Its advocacies include raising mental health awareness, destigmatizing mental illnesses, and providing a sound environment for individuals experiencing mental health disorders, problems, and other mental health-related challenges. Since 2017, the organization has conducted educational discussions and has promoted creative contents that are in line with its advocacies towards building a mentally healthy country.

For this semester, COPE UP will be holding **COPE Caravan**, the organization's socio-civic project, which features a series of events forwarding the organization's advocacies as well as providing students with healthier ways to cope with the stresses of life. This year, COPE Caravan will go by the title ***Sanctuary: Places, Spaces and their Relationship with Mental Health***. This will be a month-long celebration that aims to highlight the influence of spaces and people's perception of them on their mental health and will showcase a variety of projects and events ranging from competitions, webinars, and other exciting and informative activities that are open for senior high school students as well as college-level students.

The competitive event, which is an **infographic-making competition**, aims to provide an avenue for high school students to unleash their creativity while writing and researching a relevant topic in line with the organization's advocacy of mental health awareness. With this in mind, COPE UP would love to have your students participate in the organization's competitive event. Not only will your students have the opportunity to apply their talents and skills in contemporary social contexts, but also, your students will have the chance to win cash prizes, among other tentative incentives.

**COPE UP Executive Committee

In line with this, COPE UP humbly requests your office to grant an issuance of a **DepEd Regional Advisory** for immediate information dissemination to the schools within your region. The organization is very eager with its advocacy for mental health awareness and with your participation, COPE UP will be able to reach out to more students outside the university.

Should you have any questions or concerns, feel free to contact us at cope.caravan@gmail.com or through the undersigned. We are looking forward to your favorable response.

For a mentally healthy Philippines,
