City DepEd DRRM Coordinator

Dear Madam;

The availability of water resource now becomes a pressing issue in many cities around the globe. The continuously increasing human number compounded by unsustainable development pathways traversed by many governments and societies strained the availability of this finite and important resource.

Part of our continuing effort to raise public awareness and to influence decision-makers on the need to review of existing developmental programs, the Angeles City Disaster Risk Reduction and Management Office is planning to hold a 1st Angeles City Water Summit on June 14, 2019, 8:00 AM to 12:00 NN, at Azzurro Hotel, Balibago, Angeles City. Please see attached programme.

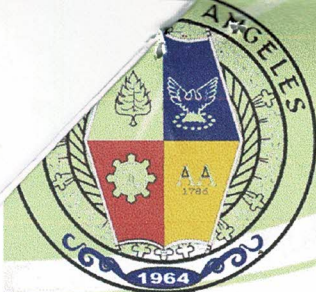

In view of this, may we kindly invite your good office and all DepEd DRRM School Coordinators to attend this important activity. In case, you have some queries about the summit please feel free to reach the undersigned at 09153001862.

We look forward to your positive response.

Thank you.

Truly yours,

Francis G. Pangilinan
