B. Profile of the Program or the Course

I. *Title of the Program/ Course:* **PROJECT TIPAN (*Technology Integration in Araling Panlipunan*): WEBINAR ON BLENDED LEARNING CUM QUARTER 2 VIRTUAL KUMUSTAHAN IN ARALING PANLIPUNAN**

II. *Rationale:*

While the country is fighting the challenges brought about by the COVID-19, the Department of Education adopted and implemented the Basic Education Learning Continuity Plan (BELCP) wherein education must continue in spite of the threat of the pandemic. The department implemented the flexible model of blended learning. Generally, schools have implemented modular distance learning wherein learners work independently with their learning modules or activity sheets. However, learners are not prepared to the new system. Assistance from teachers, parents and other learning facilitators are necessary to help them accomplish the tasks indicated in the modules or learning activity sheets.

DepEd Angeles City in partnership with the city government provided tablets for learners in Grades 4 to Grade 6 to help them in their online classes.

Because of this, recipient schools must prepare their teachers on blended learning method to fully utilize the gadgets provided by the city government. This seminar-workshop will capacitate teachers in Araling Panlipunan in facilitating their online classes. Various digital platforms will be included but not limited to facebook, google classrooms, youtube, deped tv, google meet, microsoft teams, deped commons and other learning portals.

Program / Course Description:

PROJECT TIPAN (Technology Integration in Araling Panlipunan) is a project that focuses on capacitating Araling Panlipunan teachers in integrating technology in their teaching and learning activities. The seminar-workshop on blended learning will focus on the orientation of various digital platforms that teachers can use. At the end of the seminar, participants will develop their school's implementation plan for the blended learning.
